

An aerial photograph of St. John's, Newfoundland, Canada. The foreground is dominated by a dense cluster of colorful, multi-story houses in various shades of blue, yellow, red, and white. The houses are built on a hillside overlooking a harbor. In the middle ground, a large white and yellow ship is docked at a pier. The harbor water is a deep blue, and the background shows a coastline with more buildings and a large green hillside under a blue sky with light clouds.

# Annual Meeting of the Canadian Neuromodulation Society June 9-11, 2022

**St. John's, Newfoundland, Canada**
